## **SELECTMEN'S REPORT FOR 1992**

### **Town Meeting - A Community's Birthday**

On the second Tuesday following the first Monday of each March, the Town holds its Annual Meeting.

The warrant and the articles to be voted on, have been assembled by the Selectmen's Office and then processed thru our Town Attorney to assure the language complies with State R.S.A.'s.

There are basically two categories of warrant articles; those that require funding and those that do not.

Many articles requiring appropriations appear each year. The dollar requests are compiled by the Selectmen from data supplied by the various Boards, Trustees, Fire and Police Departments, plus the requirements of the Road Agent. Some articles are strictly one shot deals, as they have served their purpose once voted on. There are also articles by petition, where by concerned citizens request a certain article that becomes a part of the Warrant.

Voter action on the Warrant is the most democratic form of government. The people are the jury, their wish becomes the year's agenda; a new beginning.

This past year, Housing has completed the grant program for the improvement of many homes in our town. The Board of Selectmen continue to strive keeping budgets as low as possible and still maintaining decent services to the community.

The Board of Selectmen wish to thank the many that have worked with us to keep Wentworth an envy to other communities.

Sincerely,  
Ernest E. Vlk  
Roy H. Ames, Jr.  
Stephen G. Davis  
Selectmen, Town of Wentworth

## WENTWORTH VOLUNTEER FIRE DEPARTMENT 1992 SECRETARY'S REPORT

As of the close of 1992 the Wentworth Volunteer Fire Department has 12 full members and 1 probationary. Four of our members hold full Firefighter I certification. One is a certified EMT and a second is training for certification. This is a very good status for a volunteer department.

Two major improvements were made to the fire station this year: vinyl siding for 3 faces of the building and a new furnace. In 1993 we will finish the siding and explore the cost of a needed new roof and new wiring. In 1992 we added an air compressor, a chainsaw and forest fire gear to our equipment. In '93 we will be upgrading our Self Contained Breathing Apparatus (SCUBA) which allows our firefighters to enter and work within burning buildings.

Special thanks are due to Second Engineer Abel DuPlessis for his untiring work this past year in maintaining the building and equipment and in finding us sources of supply that helped us stay under budget.

The most consistent problems facing this and every volunteer department are: a) shortage of manpower, especially during the weekday, and b) water supply. To meet these difficulties, we have standing mutual aid agreements with Orford and Piermont. With the effective demise of the Twin Rivers Association, we are also looking at membership in a larger mutual aid group: either Lakes Region or Upper Valley. For this reason, in addition to our general budget, we are asking for a \$2,000 contribution to be a capital reserve fund for the purpose of upgrading communications once we determine our best mutual aid option.

We are also working on upgrading the quality and number of our dry hydrant water sources in town.

In 1995 our present Class A pumper, upon which much of the homeowner's insurance rate for Wentworth is based, will be due for replacement. The projected cost of this vehicle is \$100,000.00. Continuing our contributions to this capital reserve fund will save the town and its taxpayers a considerable amount in bond interest in 1995 and beyond.

Respectfully submitted,  
Robert Moulton  
Secretary/Treasurer

## 1992 WENTWORTH POLICE REPORT

The Police Department had an average year. There were approximately 20 automobile accidents reported to the Wentworth Police Department, with no reports of personal injury.

The D.A.R.E. Program has been instituted at the Wentworth Elementary School, thanks to the extra effort of Roland "Pete" Chierichetti. This program will last 17 weeks with a 1-hour class per week.

The department also covered the races at Norway Pines again this past summer. If you went to the races, your may have noticed a new deputy. Stephen Hillbrunner was sworn in as an officer in the early summer. He has been a great asset in the weekend patrols.

Although the overall budget is down this year, the request for funds for ammunition is up. The additional money is for shotgun shells. The entire department is required to qualify each year with a handgun under the supervision of a certified instructor. This year we also qualified with the shotgun. Qualifying with the shotgun is not a requirement, but, I chose to have the department do so. This is due to the fact that if we should have to use the shotgun and we are not qualified to do so, it could leave the town open to liability.

I would like to thank Clint Hutchins for his many years of service to the town as an officer and in the past as Chief of Police. Clint retired from the Wentworth Police Department in June.

Sincerely yours,  
Michael J. Clark,  
Chief of Police

## WEBSTER MEMORIAL LIBRARY LIBRARIAN'S REPORT

### December 31, 1992

Library hours are Tuesday and Thursday 2-5 pm, Wednesday 6-8 pm, and Saturday 10 am - 12 Noon. The Librarian is Donna Herlihy and the Assistant Librarian is Sharon Sanborn.

Our collection includes both fiction and non-fiction materials for all ages and interests. If we don't have exactly what you are looking for, we can usually borrow it for you from another library. We have a reference selection that includes many volumes on New Hampshire history and genealogical information. We also have audio books, large-print books, music on records, cassettes, and CD's, children's cassette tapes and read-along books, video tapes, a wide selection of magazines, two newspapers, a variety of games, puzzles, and puppets, and a television with cable and a VCR. The library receives many very generous donations of materials from area residents. This helps our budget tremendously and we again would like to express our thanks to these donors for their thoughtfulness and generosity.

In the summer of 1992 the library co-sponsored a Summer Reading Program with the Wentworth Elementary School PTO. Thirty-three children from ages 3 - 13 participated and collectively read hundreds of books. Thank you to all the parents who volunteered to help things run smoothly, and to Sue Moulton and Debbie Stuart who entertained with musical programs. We are already looking forward to and planning next summer's program.

The computer system which was donated to the library in 1991 continues to be a great time and money saver. We are processing an ever-increasing number of inter-library loans. We can access most of the libraries in the state with this system and borrow and lend books by sending messages over the system - no postage involved! The State Library also provides once-a-week pick-up and drop-off of materials via their van system. There is no charge for this service either.

We have been fortunate this year to have some very enthusiastic and helpful volunteers. We can always use more - NO PRIOR EXPERIENCE NECESSARY! Thank you to all of you for all of your help. We are looking forward to many new interesting projects in the coming year.

During 1992, 2728 visits were made to the library. 6025 items were circulated. These included 1997 items from our general collection, 2168 from our children's collection, 926 periodicals, and 916 audio-visual materials. We borrowed 210 items on inter-library loan, and lent out 128 to other libraries.

We added 311 new items to our collection in 1992. These included 144 to our general collection, 147 to our children's collection, 3 reference books, and 18 audio-visual materials. 207 items were purchased from town appropriations, 5 from fine monies received, 1 from Pillsbury Fund Dividend, and 98 were gifts.

Our collection currently contains the following:

General collection fiction	3914	Audio -Visual Materials	515
General collection non-fiction	5735	Magazines	50
Children's fiction	1793	Newspapers	2
Children's non-fiction	1393

## LIBRARY TRUSTEES REPORT 1992

The continued generosity of Mrs. Thelma (Gove) Jordan and her former employer, The Reader's Digest Foundation, for the fourth consecutive year is herewith acknowledged with a great deal of appreciation. Their contributions totaling \$3,000 each year for the past four years has permitted improvements and major maintenance that has been neglected for lack of funds for many years.

Two major projects involving improvements and maintenance were completed during 1992. The first of these two projects completed was the painting of the walls and ceilings, and the refinishing of the floors of the library. It cannot be remembered when the walls and ceilings were last painted and they were in bad need of painting at this time! The beautiful hardwood floors appeared as if perhaps they had never been refinished since the original installation! This project certainly improves the appearance of the library interior and brightens each room considerably.

Bids for the painting and floor refinishing were received from two contractors. A bid for \$2675 was received from contractor Bruce Burtt of Wentworth and a second bid received from Country Colours of Plymouth was \$2970. The project was awarded to Bruce Burtt, but before the project completion, the Trustees opted to increase the total contract cost by \$230 to cover one additional coat of protective finish to the floors. The completion costs of this project became \$1500 for the painting of the walls and ceilings, and \$1405 for the refinishing of the floors, a total of \$2905.

The second project completed during 1992 was the installation of two windows in the basement walls, one in the wall facing the fire station and the second one in the wall facing the Thayer property. This project involved the removal of cement blocks that had been installed in window openings throughout the basement area when this was converted into a bomb shelter some time after World War II. The primary purpose of this project was to permit ventilation of the basement in hopes that it might result in at least some elimination of moisture that exists in the area and which raises havoc with everything in the building! We had hoped to provide for the installation of an additional two larger windows on the Baker River side of the building, but because of the costs to do so, we opted not to proceed at this time.

The two windows installed will hopefully assist in the betterment of the moisture problems that we have and certainly do improve the appearance of the library building from the outside as well as from the inside! This project was completed during the late fall by John Lester of Warren at a total cost of \$1542.20

The above two project costs totaled \$4,447.20 and were funded from contributions received from Mrs. Jordan and the Reader's Digest during the past two years. At the time that this report is prepared, the contribution account from which these funds are withdrawn and transferred to our checking account for payment of bills as they are incurred, there remains the small balance of \$42.20 yet to be withdrawn and transferred to complete the transaction.

The Trustees, speaking for both themselves and for the townspeople, wish to take this opportunity to publicly thank Mrs. Jordan and the Reader's Digest Foundation for their generosity and to thank all of those who have contributed to or assisted in the operation of the library during 1992. All such contributions are greatly appreciated. Special thanks go the the Librarian and Assistant Librarian for "jobs well done!"

## **MOUNT MOOSELAUKE HEALTH CENTER**

### **1992 Report**

In 1992, residents of Warren, Wentworth and Rumney had a total of 1837 office visits at the Center. This represents about 80% of all medical encounters at MMHC for the year. 160 people came to the center for the first time.

Because MMHC accepts assignment - which means the charge to all patients for any medical service is whatever is allowed by private insurance, medicare or medicaid - the savings to our towns' residents is substantial. Based on comparisons with fees charged at other doctors' offices in a sampling of neighboring towns, it is estimated that the Health Center saves its users more than \$20,000 yearly. In addition, a number of uninsured patients have qualified for even further fee reduction on a sliding scale (based on ability to pay).

This limitation of potential revenue continues to leave the Center operating at a loss. The deficit grew in 1992, primarily due to two factors. First, Elayna Finkle, PA-C (certified Physician Assistant) came on board to provide gynecological and general services on Dr. Holford's days off. Then, office hours were extended to make health care available five days per week.

Besides its expanded family practice for all ages, male and female, the Center continues to hold its Clinics (Well Child, Prenatal, Free Blood Pressure Check, Foot Care) and to offer free support group meetings (Diabetes, Chronic Illness, Alanon). The Health Center Staff and Board of Trustees wish to thank those who have volunteered their time or contributed financially to the enterprise. As with many non-profit organizations, MMHC faces a difficult year and will rely heavily on continued and increased community support.

Negotiations are underway to add Dr. Mandy Gennaro to the staff in August. A family practitioner now in rural Texas, Mandy and her family plan to relocate here in ski country, and they plan to stay!

Leo Gravel,  
Administrator

## **HEALTH OFFICERS REPORT 1992**

The Wentworth Board of Health investigated several cases involving non-state approved septic systems; the absence of septic systems; and the on-going problem of unlicensed campgrounds.

Three dog bites were reported in 1992. Rabies is a cause for concern in the coming year. Dr. Clifford McGinnis, the state veterinarian, predicts an increase in rabies cases in the next ten years.

Have all pets vaccinated. Call your veterinarian if your pet is attacked by a wild animal. Your pet will need a rabies booster shot.

The disease is spread through contact with the saliva of an infected animal. It enters the body through a cut, scrape, or through mucous membranes (eyes, nose, mouth).

Anyone coming into contact with a rabies suspect animal should wash thoroughly for 15 minutes with soap and water. Call your doctor immediately. The person may need rabies treatment, which consists of a series of injections. The disease is almost always fatal in humans if untreated.

**VISITING NURSE ALLIANCE OF VERMONT  
AND NEW HAMPSHIRE  
MASCOMA HOME HEALTH SERVICES  
1992 Report to the Town of Wentworth**

We are pleased to have the opportunity to report on the activities of Mascoma Home Health Services for 1992, our tenth year of providing home and community health care to the residents of your community and our first year as a branch of the Visiting Nurse Alliance of Vermont and New Hampshire.

As we reported last year, Mascoma Home Health Services joined together with six other home care agencies so that we might serve the home care needs of our communities better. These services include skilled nursing, physical and occupational therapy, home health aide, homemaking and medical social services, and hospice care to the terminally ill. We are now able to make services available 24 hours a day, weekends and holidays included and do offer a private duty program, Help at Home.

This has been a year of tremendous growth in the need and request for home care services. This has affected all of the programs, especially home visiting. This year 419 home visits were made to residents of the town of Wentworth. We are proud of our staff. Their experience, dedication and skill in caring for people in their homes have made it possible for us to meet this challenge.

The Family Health Services program is available to young families in your community. This program includes a Well Child Clinic, and a Parent Aide Program. Home visits are available to children and families and are made by nurses specializing in pediatric care and parent aides to help them care for themselves and their children in the most productive and positive way possible. This year eight families received services in your community.

The agency also conducts community screening clinics, flu clinics and other health programs such as blood pressure screenings and foot care clinics.

The Board of Trustees and the Incorporators Group, where your interests are represented by members of your town, the staff, and the people who are helped by our care, all thank you. We believe in the value of home and community health care and appreciate all that you do to support our efforts in your community.

Respectfully submitted,

Elizabeth J. Davis, RN, MPH

## **WARREN-WENTWORTH FAST SQUAD ANNUAL REPORT 1992**

The Warren-Wentworth Fast Squad has had a busy year with a majority of our calls being respiratory, cardiac and falls.

We are real fortunate to have the equipment that is needed to help people with these types of medical problems. Training plays such an important role in meeting the National Standard of Care, and in providing the patient with the best pre-hospital care possible.

We purchased a new CPR manikin so members can become proficient with their skills. Training is always on-going, again to provide you with the best pre-hospital care.

I would like to express my sincere thanks to all members who have donated their personal time to the Squad for on-call coverage, training and other activities. We presently have 11 EMTs, 2 AFAs and 2 new members training to become EMTs. I would also like to thank the Fire Department for always being ready to give a helping hand when needed - THANK YOU.

We would like to thank all who support us through donations and our fundraising activities. These monies this year went into a special account toward the purchase of a new ambulance. Presently our ambulance is 9 years old and is now beginning to require more and more repairs, leaving us at a slight disadvantage.

On behalf of the Squad, thank you for your continued caring and support.

## PLANNING BOARD REPORT FOR THE YEAR 1992

During this year the Planning Board was very busy.

During the course of the year there was but one sub-division completed. There were no others.

However, the Board has taken up the challenge of checking out all the gravel pits in the Town. This situation arose when complaints were lodged against those who sell gravel from non-registered pits. It means that over a period of time the Board will check out every pit it can and, if they are in use for sale of gravel, they will be made to comply with the proper regulations in the running of a pit. If not, they will be closed.

Several sub-division violations were taken care of over the year and the finalization of some spilled over into the first month of 1993. Some are still outstanding.

The Board has also been busy trying to set up new rules on the regulations that will make things easier for our fellow citizens. This has not been easy, but hopefully 1993 will produce some better results.

Respectfully submitted,  
Robert W. Thayer, Jr.

## **GRAFTON COUNTY COMMISSIONERS' 1992 REPORT TO THE TOWNS**

Grafton County has continued to operate in a financially sound, cost effective manner. We are pleased that the \$13.5 million budget adopted in late June showed a modest 3.45% increase.

While the county property tax increased to \$6.1 million after two years of decreases, the average annual county tax increase since 1989 has been less than 3%. Under state law, \$3.5 million or 58% of the county tax dollars collected from Grafton County taxpayers in 1992 were sent to Concord to pay the county share of state assistance programs (Old Age Assistance, Aid to the Disabled, Medicaid/Nursing Assistance, and Services for Children & Youth).

The Grafton County Nursing Home has continued to offer high quality medical, nursing, and support services to approximately 120 elderly and infirm residents while meeting the stricter federal Medicaid mandates imposed in 1992. The Special Needs Unit for individuals with Alzheimers Disease and similar illnesses, opened last year, has been especially well received by residents, families and staff. During 1993 the County plans to expand the unit from 11 to 32 beds.

The County Department of Corrections saw a 15% increase in inmates over the past year. Drug forfeiture funds from the Attorney General's Office have enabled the department to increase and coordinate drug and alcohol abuse reduction programs with the goal of decreasing the number of repeat offenders.

Again during 1992 the County Farm generated a modest operation surplus, providing work opportunities for County Corrections inmates and supplying meat and vegetables for the Nursing Home and Jail. For the second year the Farm also produced potatoes for the local food pantries throughout the County.

The Commissioners, Sheriff and Assistant Sheriff implemented the second phase of a 3- year plan to ensure that subscribers pay the full cost of telephone answering services provided by the County Dispatch Center. The county also replaced the radio repeater on Cannon Mountain in order to upgrade law enforcement communications throughout Grafton County.

During 1992 the County distributed over \$78,836.00 in state Incentive Funds to local programs that prevent out of home placement of troubled children and youth. The County has also continued to provide Youth and Family mediation services available free-of-charge in Lebanon, Littleton and Plymouth areas.

Looking ahead to the late 1990's and beyond, the Commissioners initiated Long Range Planning as part of the annual budget process. A committee of county officials has been charged with recommending plans for addressing the needs of the county and state offices now housed at the Courthouse.

The County sponsored a Community Development Block Grant for the AHEAD Agency in Littleton, a non-profit housing development organization. Funds are being used to purchase and rehabilitate multifamily rental housing units for the benefit of low - and moderate - income households in the northern part of Grafton County.

During 1992 the Commissioners continued efforts to inform county residents

about county government, encouraging tours of county facilities and holding information sessions for local officials and other groups.

The Grafton County Board of Commissioners hold regular weekly meetings on Tuesdays (note the change from Thursdays) at 9:00 a.m. at the Administration Building on Route 10 in North Haverhill. All meetings are open to the public, and we encourage attendance by public and the press. Please call the Commissioners' Office at 787-6914 for further information or to request a speaker or our slide show on county government for school and civic groups.

In closing we wish to express our sincere appreciation to local officials, agencies and the public for cooperation in our efforts to serve the citizens of Grafton County.

GRAFTON COUNTY COMMISSIONERS:  
Betty Jo Taffe, Chairman  
Gerard J. Zeiller, Vice Chairman  
Raymond S. Burton, Clerk

## NORTH COUNTRY COUNCIL 1992 REPORT

North Country Council is the Regional Planning Commission and economic development district for 51 towns in northern New Hampshire. It is supported by local community and county dues which are used to match state and federal funding sources.

Local planning assistance provided to member towns this past year included: municipal planning, transportation planning, business and industrial planning, landscape architecture, solid waste planning, resource management, and GIS mapping. The Council provided professional assistance to Planning Boards, Boards of Selectmen, Zoning Boards of Adjustment, Conservation Commissions, Solid Waste Districts, Local Development Corporations, Non-Profit Community Organizations, Chambers of Commerce, Educational Institutions and Social Service Organizations and Agencies in all of our member towns.

During 1992 North Country Council also continued its commitment to regional planning as follows: completed the North Country's first ISTEA Transportation Plan and Transportation Improvement Program; completed a new regional economic development strategy; developed economic strategic plans with local development groups; expanded the Working Capital micro-lending program throughout the region; provided technical assistance to communities on major infrastructure projects; completed a regional wood products marketing plan; participated in the development of a statewide telecommunications network; conducted an impact assessment of new banking regulations on the businesses in the North Country; provided solid waste and recycling technical assistance to towns, schools and solid waste districts; and continued our public education initiative on forest lands issues in Coos County. All the above major activities occurred at the same time as the Council provided daily planning and development technical assistance to our members.

In the ensuing year the Council will continue its commitment to local membership services and regional problem resolution.

Persons from member towns interested in becoming involved with the Council are urged to contact their selectmen for appointment as Council representatives or committee members.

Sincerely,  
Preston S. Gilbert  
Executive Director

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The N.H. Division of Forests and Lands assisted many other communities in wildland fire suppression as well.

Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done." Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and fire department by requesting and obtaining a fire permit before kindling an open fire.

The N.H. Division of Forests and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for fire fighter safety items and wildland suppression equipment in 1992.

If you have any question regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

## **1992 REPORT CONSERVATION COMMISSION**

The Wentworth Conservation Commission is continuing to gather information and to sift it into a usable form to map the several different lines of interest to our town. We are working with the New Hampshire Association of Conservation Commissions. They are a great help and furnish us with much valuable knowledge.

Our small, rural town is located in a beautiful valley and blessed with an abundance of nature's riches. Our citizens are fully aware of, and love, our environment. Most of us take very careful precautions to protect our natural setting.

The hard economic situation is very rough on a great many of our neighbors and we have deep sympathy for those who are suffering. However, this same recession has relieved the pressure of development on our ecology temporarily.

## PEMI-BAKER SOLID WASTE DISTRICT 1992 ANNUAL REPORT

The Pemi-Baker Solid Waste District worked on a variety of projects in 1992. As in past years, District members shared information on recycling markets and recycling activities in an effort to promote and expand District-wide recycling efforts. The existing recycling programs continue to be successful in diverting waste from the waste stream and conserving natural resources. District members investigated the feasibility of utilizing a District-owned and operated trucking service to handle member towns' garbage trucking needs. The District's solid waste disposal contract with Consumat Sanco has proven beneficial. District disposal rates have dropped as a result of the January 1991 contract. Due to the drop in certificate-of-deposit interest rates, the district decided to investigate other conservative investment options for the District's capital reserve account. After careful research, the board decided to invest in government securities and bonds through Invest Corp of Dartmouth Bank. This fund offers a favorable interest rate and pays the District a monthly dividend that will be used to lower operating expenses. The District is also happy to report that the New Hampshire Department of Environmental Services has accepted the Pemi-Baker Solid Waste Management Plan written and amended by North Country Council.

### 1992 Household Hazardous Waste Collection Day

On October 17, the District held its third annual household hazardous waste collection day at Fred Madore Chevrolet in Plymouth. This year's collection surpassed all previous volume and participation rates. This year's collection netted over 1,200 gallons of household hazardous wastes: household cleaners, poisons, oil-based paints, pesticides, oil and automotive products. As part of the education program, elementary schools were presented a program on the dangers of household hazardous wastes. Volunteers from all the District communities were instrumental in making the collection a success. We appreciate the financial support of Consumat Sanco and American Waste Systems. The District looks forward to holding another collection in the fall of 1993.

## WENTWORTH HOUSING IMPROVEMENT PROGRAM

The Wentworth Housing Improvement Program is funded by a Community Development Block Grant from the Department of Housing and Urban Development. Towns must apply for these grants which are available on a competitive basis. In New Hampshire, the Office of State Planning awards the grants and assures that the funds are used in accordance with federal regulations. In 1990, the North Country Council prepared the successful grant application for this residential housing rehabilitation program. The program is administered for the municipality by the North Country Council with assistance from an Advisory Board consisting of local citizens who meet regularly, approved projects, and help to set policies for the program.

The purpose of the Wentworth Housing Improvement Program is to assist low and moderate income households living in substandard housing by bringing those units up to a level prescribed by HUD's Section 8 Existing Housing Quality Standards. Housing funds can only be used for activities related to private residence repair. These repairs may include work done to the plumbing, heating, and electrical systems, roof and structural repairs, window and door replacement and/or repair, septic system installation, well installation, painting, weatherization, and other rehabilitation activities.

Respectfully submitted,  
Pamela J. Slade,  
Office Manager

## **THE TASK FORCE AGAINST DOMESTIC AND SEXUAL VIOLENCE PROGRAM DESCRIPTION**

The Task Force Against Domestic and Sexual Violence is a non-profit volunteer organization, which provides assistance to victims of domestic and sexual violence. The Task Force, a member group of the New Hampshire Coalition Against Domestic and Sexual Violence, serves 18 towns: Alexandria, Ashland, Bridgewater, Bristol, Campton, Dorchester, Ellsworth, Groton, Hebron, Holderness, Lincoln, Plymouth, Rumney, Thornton, Waterville Valley, Warren, Wentworth, and North Woodstock. It is the only organization of its kind in southeastern Grafton County.

Since its inception in 1981, the organization has maintained a 24-hour crisis line, staffed by 30 volunteers who provide legal advocacy, emergency shelter, transportation, food, emotional support services and referrals to its clients. Organization members also coordinate and conduct community outreach programs.

Providing support services to the volunteers are the four staff members: Resources Director, Support Services Director, Administrative Director and Child Advocacy Director. All four are supervised by the nine-member Board of Directors.

In the past eleven years, Task Force members have answered over 2,500 calls from all the towns it serves. Many of these calls have been referred to us by the local police departments, the court, physicians, counselors and therapists.

Except for a moderate fee for those shelter residents who can afford it, all services are free to all victims of sexual or domestic violence in the towns the Task Force serves. Volunteers and staff adhere strictly to NH law (RSA 173-B:21), which requires that they maintain confidentiality with regard to persons served by them and files kept by the organization. Also, as required by law (RSA 173-C Privilege Bill), all information received by a volunteer or staff member in the course of a relationship with a victim is confidential. This law allows the Task Force to keep its location from being made public.

## **GRAFTON COUNTY SENIOR CITIZENS COUNCIL ANNUAL REPORT 1992**

Grafton County Senior Citizens Council, Inc. provides services to older residents of Wentworth. These services include home delivered meals, a senior dinning room program, transportation, adult day care, outreach and social work services, health screening and education, recreation, information and referral, as well as opportunities for older individuals to be of service to their communities through volunteering.

Any Wentworth resident over the age of 60 or members of his/her family are eligible to use the services of GCSCC. Handicapped individuals under the age of 60 may also be served through these programs. Although there are no charges for the services, the Agency does request contributions toward the cost of services.

During 1992, 21 older Wentworth residents were served through all of GCSCC's programs. 17 individuals enjoyed dinners at the Plymouth Senior Center or received hot meals delivered to their homes; 6 elders used transportation services on 374 occasions to travel to medical appointments, to grocery stores, to do personal errands or to the Senior Center. 2 Wentworth volunteers contributed 18 hours of time, energy and talent to support the operation of the Agency's services. 2 older people used the services of our social workers. Services for Wentworth residents were instrumental in supporting many of these individuals as they attempted to remain in their own homes and out of institutional care despite physical frailties.

Working closely with other agencies, providing services to older people in the community, our goals for the future include additional efforts to assist older Wentworth residents and their families in taking advantage of available programs and services which will improve the quality of their lives and enable them to remain independent in their own community.

Through the years, GCSCC has very much appreciated the support of the Wentworth community for services which enhance the independence of older residents of Wentworth. This support is much more critical at a time of Federal and State funding constraints.

## NEW HAMPSHIRE HUMANE SOCIETY REPORT

The 1992 totals of the number of animals brought to the NH Humane Society shelter from your town are as follows:

By your animal control officer:

Dogs & Puppies: 07	Cats & Kittens: 03	TOTAL: 10
--------------------	--------------------	-----------

From local residents

Dogs & puppies: 06	Cats & Kittens: 03	TOTAL: 09
--------------------	--------------------	-----------

Total number of all animals received: 19

We are enclosing a copy of the report on all towns that used the shelter facilities and services for 1992. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every town has stray animal problems. We encourage your town and especially your Animal Control Officer to use our services more in 1993.

Sincerely,  
Fritz T. Sabbow  
Executive Director

## TRI-COUNTY COMMUNITY ACTION PROGRAM REPORT

Again this year, Tri-County Community Action Programs, a private not-for-profit agency, requests funding assistance for our Outreach Program in Wentworth in order to provide necessary social services. For 1993, we would like to request \$500 from your town.

Our Outreach Coordinator, Sylvia Kinne, at the Woodsville Outreach Center, has salary and office expenses paid for three (3) months of the year by Fuel Assistance Program Grants that we receive. The funds to keep the local Outreach office open the nine (9) months of the year come from your town and those of your neighbors, some of the Community Services Block Grant funds, and from some of the NH Emergency Shelter funds.

Because of the reduction in federal fuel assistance funds received for our Outreach Program, we are asking for your continued financial assistance with a modest increase.

In summary, this past year, we have served 20 Wentworth households of 49 people, provided 57 client service units, in addition to assisting area families with approximately \$34,873.76 in direct services or products. In addition, Wentworth families received \$11,835.29 in fuel assistance. Please see the following information.

If you have any questions regarding these services or this request, I shall be glad to hear from you.

Sincerely,  
Carleton R. Lord  
Outreach Director

### 1991-1992 OUTREACH REPORT

Outreach is the field services arm of the Tri-County Community Action Program. The purpose of this program is to assist low-income, elderly, and handicapped persons to solve individual problems and meet their needs through individual and/or group self-help efforts. Outreach Coordinators accomplish this purpose by providing information, counseling, referrals, guidance, organizational assistance, individual counseling and by effectively linking and utilizing community resources. If possible, we also may assist with Emergency Fund dollars in the form of Vouchers.

Last year, the following assistance (client service units) was provided to Wentworth residents by the CAP Outreach Program in Woodsville

<u>CATEGORY</u>	<u>TYPE OF ASSISTANCE</u>	<u>CLIENT SERVICE UNITS</u>
Food	Emergency food supplies, food stamps, Government surplus foods, consumer education, food baskets, nutrition	19
*Energy	Electrical disconnects, out-of-fuel, weatherization, woodstove, fuel wood, home repairs, furnaces	3
Homeless	Homeless or in imminent danger of being homeless	4
Housing	Emergency placements, furnishings, loans, home improvements, tenant/landlord relations, relocations	5

Budget Counseling	Money management, debt management, financial planning	7
Health	Medicare, Medicaid, Mental Health, Dental, Home Health, Emergency Response Units, Substance Abuse	0
Income	Job Corps, employment referrals, job training, welfare referral	7
Transportation	Emergency rides, car pools	0
Legal Assistance	Information and referral to Legal Aid	1
Other	Clothing, education, domestic violence, children's services	11

**TOTALS:** 57

\*Does not include Fuel Assistance

Because of your support and that of other surrounding towns, we were able to keep our Woodsville Area Outreach office open through the entire year. As a result, we were also able to leverage the following funds and/or provide the following services or products to the low-income people of your area.

<b>WENTWORTH TOTALS</b>	<b>20</b>	<b>49</b>	<b>1,584.21</b>

Please note that these funds are in addition to the approximately \$4,000.00 Community Services Block Grant matching funds that are applied to each Outreach Coordinator's salary and other local office expenses. Your continued financial support is needed to insure the availability of these dollars for local use and help in providing these essential social services in your community.

Also, our Outreach Coordinators did the application intake work for Fuel Assistance and Weatherization. As a result, the residents of your town received the following assistance from the Community Action Program this past winter.

## PRINCIPAL'S REPORT

Enrollment at the Wentworth Elementary School (W.E.S.) during the 1992/93 school year is 72. Grade distribution of students is as follows: Grade 1 - 11, Grade 2 - 6, Grade 3 - 11, Grade 4 - 6, Grade 5 - 13, Grade 6 - 13, Grade 7 - 10, and Grade 8 - 2. A total of 21 W.E.S. alumni currently attend the Plymouth Regional High School.

Graduates from the class of 1992 are: Dana Emery, Zachary Holmes, Cory Laauwe, Kristopher Mauchly, Suzanne Muzsey, Mary Philbrick and Sarah Stevens.

Grade 1 is taught by Mrs. Paula Houde, a special needs aide last year and first-year teacher. The second and third grades are combined and are taught by Ms. Julie Robinson, working in her third year at W.E.S. Ms. Pat Mitchell, a first-year faculty member, teaches Mathematics and Science to a fourth/fifth grade group and a sixth, seventh and eighth grade group. She alternates student target groups with Mr. Jim Ryan, also in his first year, who teaches Language Arts and Geography. Mr. Reggie Pettitt, who joined the staff in August as a teaching principal, handles U.S. History and Physical Education instruction.

Resource Room activities are planned and coordinated for the second year by Mrs. Miriam Freeman. The needs of students with Individual Education Plans (IEP) are specifically addressed during short scheduled periods in the Resource Room and then strategies are developed and implemented in concert with classroom teachers to integrate those students into the regular classroom for the major part of each academic day. Benefits are enjoyed by all who are part of this program.

Mrs. Tamara Graham adds the music dimension to our curriculum, and Ms. Molly Stuten teaches art to all grades. Students look forward each week to the opportunities these programs provide.

Barbara Blake presides over the Reading Recovery Program at W.E.S. This reading and writing program for first grade children who are at risk of reading failure has proven effective with 80% of the students who participate. It has also proven to be a lower-cost intervention than other program alternatives.

The support staff has done a remarkable job once again this year. Office operations are supervised by Mrs. Sandy Hobbs; Mr. and Mrs. Brian Weeks have persevered under the pressures of heavy building use and kept our physical plant in wonderful condition; Mrs. Paula Davis and Mrs. Michelle Adams preside over a kitchen that produces excellent meals; and, Mrs. Rosanna Newton, School Nurse, has kept her finger on the pulse of health issues. All jobs well done!

This year has been a terrific mix of the old and new. Project Self-Esteem was re-integrated into the fall curriculum by a talented and reliable team of volunteers led by Mrs. Lynn Stevens. These class facilitators helped our students recognize all the good they can see when they simply look in a mirror. New to the curriculum is

the Drug Abuse Resistance Education Program (D.A.,R.E.). The program teaches students how to identify and resist the pressures that cause them to experiment with drugs. Ms. Deborah Stuart has worked diligently to coordinate special arts activities for the student body through the organization, Very Special Arts New Hampshire. A downhill ski program has been organized at the school for the first time. Students and parents seem enthused about the opportunity being provided as a result of PTO efforts to arrange and financially support the program. A breakfast program, implemented in mid-January, gives opportunity to our students to start each day off with a balanced meal right here at school. Key to much of what happens at school are the faithful volunteers who are seen regularly in classrooms, in the library, on field trips and at athletic events. Hats off to them!

The 1992/93 school year began with students showing a willingness to personalize our emphasis on "team effort" and "example setting." Great strides have been made. The upbeat attitude at our school is a credit to students, faculty, parents and community members who are encouraged to jointly participate in the continuation of our learning experience.

Respectfully submitted,

Reggie Pettitt  
Principal

## **FOOD SERVICE REPORT**

### **1991 - 1992**

Enrollment this year averaged 65 students. There were 22 free and 12 reduced applications on file. Federal reimbursement for lunches was \$0.20 for a regular lunch, \$1.3025 for a reduced lunch and \$1.7025 for a free lunch. There is no reimbursement for an adult lunch. The hot lunch program received \$2,804.00 worth of government food.

September 24th we received our food establishment inspection. We received a grade of 99%. During the summer, water came in through a fan and damaged the wall. A point was deducted from the score for this damage. The fan has been removed and the wall repaired.

November 21st was our annual Thanksgiving Dinner. Our students invited over 50 guests to celebrate with us.

I would like to thank Michele Adams. Her five years of experience is an asset to the hot lunch program. Also a thank you to Donna King for being a dependable substitute.

Respectfully submitted,

Paula K. Davis  
Hot Lunch Director

## **WENTWORTH SCHOOL NURSE REPORT 1991-1992**

The School Health Program has, once again, been well utilized by students, parents and teachers. There were 660 documented and routine contacts.

All required screening was accomplished and follow-ups were completed when needed. Required screening includes height, weight, vision, hearing, blood pressure, pulse, immunization compliance, scoliosis, communicable disease and communicable nuisance problem (e.g. scabies, head lice) determinations.

On April 9th, 1992, 10 sixth grade students received a second measles virus vaccine, at an in school clinic. This additional vaccine is required (He-P 301.3) for all students prior to entry into seventh grade. The vaccine was provided at no cost to the school or parents by the New Hampshire Division of Public Health Services, Bureau of Disease Control in cooperation with the Mt. Mooselauke Health Center.

Another service provided this year, in cooperation with Mt. Mooselauke Health Center, was the administration of a flu vaccine to all teachers/staff desiring it. Teachers receiving the vaccine were charged a small fee.

Home visits, illness prevention programs, community referrals and other school health related activities continue to be important responsibilities of the nurse. Continuing education and other professional meetings are attended by the nurse.

As an active member of the SAU #48 School Nurse's Association, the nurse meets monthly to assist with development of new health policies, health service continuity within the district and pooling of resources. As a result of this association's recommendations, all staff members were instructed on proper handling of body fluids and use of Universal Precautions.

## **SUPERINTENDENT'S REPORT**

### **1992-1993**

SAU #48 looks at the year 1993 with anticipation and excitement. Our central goals for the SAU remain the same. We continue to stress student achievement, curriculum development, program implementation, and staff training; in particular in the areas of the skillful teacher, science, math, and literacy including reading and language arts skills. I congratulate members of the school district community, including board members, teachers and administrators for continuing to practice innovative and creative new strategies in these times of tight budgets and economic difficulty.

Exciting things are happening in the curriculum development area, including the implementation of our first K-12 curriculum in the area of literacy. We are continuing to emphasize our students reading and writing skills mastery. We are also continuing our efforts to improve student language arts skills including the skill of listening. In the area of science, the district received a science grant last year to develop a Probe project. Two of our teachers completed work on the Probe project and actually published the program. Probe is a hands-on science experiment involving the building and launching of a rocket utilizing skills in math, science, computer technology, language arts etc. The project is aimed at our middle school age students and is a continuation of our efforts to utilize thematic approaches for the instruction of these students.

Our acceleration program within SAU #48 continues to flourish. Numerous high school students are taking college credit courses at PSC this semester. Approximately 54 eighth graders are currently taking high school level algebra I in their eighth grade classes. This will allow these students to engage in mathematics at the high school for all four years ending, hopefully, with calculus.

Another exciting development in SAU #48 began this past summer with the creation of the SAU wide Technology Study Committee. The charge of this committee is to develop a five-year plan for the use of technology in our SAU Grades K-12. This committee has been at work for the first six months of this school year studying the needs of the district, doing inventories of our technology needs including video, computer technology, electronic devices, telecommunications etc. Most recently the committee engaged in a two-day work session to identify problems relative to our use of technology in the SAU and action plans to eliminate these problems. The technology committee will report to the SAU Board in May of 1993 relative to their findings.

Sportsmanship in our athletic program has been a focus in the SAU this year. Our cultural arts programs including art, music, and drama continue to be a focus of our curriculum. Our students continue to succeed in the area of athletics and also in the world of the arts.

The 1992-93 year has seen numerous state accreditation and evaluation programs conducted in our schools in SAU #48. The high school just completed their 10 year New England Association of School and Colleges reevaluation

accreditation process. The SAU also completed a three year state "onsite review" evaluation process for our Special Education programs. On March 4, 1993, the high school will engage a committee of state evaluators to evaluate our vocational program. This five-year evaluation and approval process by the state will be completed in late spring and will result in the accreditation of our vocational program. All these processes are important because they tell us areas in which we excel but also indicate areas in which we must improve. We are dedicated to improving areas that are weak and building on our strengths as we move through this academic year.

SAU #48 has received numerous grants over this last year which have assisted us in offering programming in a tight budget economy. The SAU has been fortunate to receive grants focusing on improving our science and math skills, Grades K-12. We have received Eisenhower Grants in the past few years which focus on science. The grant we are running this year will focus on math instruction, learning styles, training for teachers etc. We have been fortunate to receive grants from the New Hampshire Job Training Council. We received a Summer Youth Grant in the amount of \$90,000.00 last year, and this year we were fortunate to receive an out-of-school program grant which we will use to start our alternative educational program at the high school. These are programs where we seek drop outs and potential drop outs from school and assist them with educational programming that will give them success and culminate in a high school diploma. There is no room in our society or economy for high school drop outs. SAU #48 was also fortunate to obtain grants from the governors energy office over the past few years. This past year we were one of two districts in the state to receive Governor's Energy money to complete energy conservation projects. The high school received \$93,985.00 to complete energy projects which will save the district large amounts of general fund money due to the energy conservation that will result. Individual staff members have also received grants that have been a great assistance to us in the area of training and instructional improvement. Thank you to staff members who have taken the initiative to write and receive these grants over the past year.

The Pemi-Baker Regional School Board and the staff at the high school are currently looking into the data and future vision of what a high school should be. In order for high schools to prepare students for the year 2000, some changes will have to occur. The Pemi-Baker Board and the staff at the high school are currently looking at numerous potential possibilities to help direct our vision of the future for our high school.

We will proceed vigorously toward a decision relative to our high school programming in the future and hopefully through strong communication mechanisms in the community and within the high school we will succeed in studying, planning and implementing a program of change which will be beneficial to our students in the future.

Administrators welcomed to the SAU staff this year include Bruce Parsons who assumes the position of assistant principal at the high school. Mr. Parsons most recently was elementary principal at Wentworth Elementary School. Mary Lou Cronin became the principal at the high school this past summer and has since that

time impressed us with her energy, motivation, and skill. We also welcome Reggie Pettitt as our new principal at Wentworth Elementary. In the past Reggie has worked at the Pentagon and has taught at West Point Military Academy. Campton Elementary School sees Mrs. Arletta Kaler as it's new principal in 1992-93. Arletta comes to us from a Franklin New Hampshire assignment and previous to that, New York State. We continue, as I have suggested in the past, to have unusually gifted administrators working in SAU #48. Their motivation and innovation has led to many creative programs in the SAU and while the economy stagnates, our educational programming within the SAU has progressed.

This year marks my sixth year as your superintendent and once again I thank you for allowing me the privilege of working with you and your children. Four of the last six years have seen a negative economic climate in our area. I continue to marvel at your willingness to support the educational program within SAU #48. Believe it when I say, no one in our SAU takes the communities support for granted. We know how difficult it is and I can only say that we are all thankful to you for your continued support. In an effort to reward your support, we are trying to keep our budgets as tight as possible while still thinking of every way we can to improve our SAU from within. Our children/students continue to be marvelous ambassadors for the SAU #48 region in all of their various endeavors throughout the year. I am very proud of our students for the way that they present themselves, whether it be on the athletic field, in art, in a music festival, or responding as students from our schools in science fairs and at the legislative offices in Concord.

Thank you, to our students and to our community.

Respectfully submitted,

G. Paul Dulac, Ed.D.  
Superintendent of Schools

## EXPLANATION OF SUPERINTENDENT'S AND ASSISTANT SUPERINTENDENT'S SALARY FOR 1991-1992

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amounts paid to the Superintendent of Schools as per the following quotation: "Reports. Each Superintendent of a School Administrative Unit shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district and their share of same . . . Said report shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrator, if any is in service in the Unit."

One-half of the School Administrative Unit expenses is prorated among the several school districts of the unit on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$62,878 which was received by the Superintendent of Schools of School Administrative Unit #48 during 1991-1992 was prorated among the school districts comprising the School Administrative Unit. Allowance for \$2,750 travel within the Unit was also prorated as stated above.

The salaries of \$105,400 for the Assistant Superintendents during 1991-1992 and travel allowance within the Unit for \$4,000 was prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

## **PLYMOUTH REGIONAL HIGH SCHOOL PRINCIPAL'S ANNUAL REPORT 1992**

In 1991, Plymouth Regional High School graduated its second senior class representing the communities of Ashland, Campton, Holderness, Plymouth, Rumney, Thornton, and Wentworth; with tuition students from Waterville Valley and Ellsworth.

Enrollment at Plymouth Regional High School as of October 1, 1992 was 587. The average daily attendance for the school year 1991-92 was 94%. Enrollment in the Region #5 Vocational Center was 238 students. The class of 1992 sent 53% of its graduating seniors to further education with 43% going to four year programs and 10% enrolled in two year programs. Our seniors were awarded a total of 63 scholarships to help them with their further education.

The Student Council chose "A Season of Change" as the theme for the 1992-93 school year. Their choice seems most appropriate with a new principal beginning work on July 1, 1992 and a new assistant principal starting September 1, 1992. New staff members joining us this year are: Kasey Grisham, part-time music teacher; Dawn Day and Johanna Grieve in Science, Donni Hughes and Mark McGlone, long-term substitutes in Math; David LaBrie and Carolee Simmons to accommodate increasing enrollments in Foreign Languages; Julie Merrill, Assistant Principal's Secretary; Meg McLaughlin, part-time Vocational Secretary; Richard Doell, In-School Suspension position; Richard Knowles, Building Trades teacher; and Polly Stimson as Speech Therapist.

In October, a sixteen-member committee of professionals from the NEASC conducted a ten-year evaluation of our High School. This group evaluated our programs and made recommendations for improvements. Many sources indicated to the visiting committee that the committee's visit was coming at an important time in the life of the school. "All involved with the Plymouth Regional High School community have a unique opportunity after such a long period of administrative turnover. All are in a position to build a solid framework for the future."

On November 3 and 4 our special education program was also evaluated by a team of twelve educators. We are waiting for the final report from that visit. The recommendations from both groups will be carefully reviewed.

Emphasis has been placed in the areas of "community" and "communications". Our first objective was to increase communication between the school, the parents and the seven communities that form our student body.

We began our efforts by mailing progress reports to parents of all our students along with informational newsletters. Students in our newly-formed video club are

producing a video capturing the essence of life at Plymouth Regional High School. The final production will be shown to all eighth graders this Spring, as well as to community groups.

The aggressive pursuit of competitive grant money has been the trademark of our Special Education Director, Maria Dreyer and Vocational Director, David Batchelder. Our students have benefitted from the Summer Jobs Program which resulted in the renovation of the Bobcat football tower and community service projects. Word has just been received that we are the recipients of another grant to assist students who need alternatives to our traditional education program.

Along these lines, a second major objective has been to take an in-depth look at our student's success/failure rate and to determine where students do not experience success and analyze the reasons. So far, we have analyzed trends and patterns in our failure rate and have surveyed the high schools in the state.

Plymouth State College President, Dr. Theodora Kalikow and I have met on several occasions to bring about a closer working relationship between the college and the school district. Joint projects and sharing of material resources are just the beginning of what we hope will be a closer bonding of both institutions. Currently, ten students are benefitting from our acceleration program and are enrolled in spring semester courses at the college. Five students were chosen to have their art work on display at the Plymouth State College Art Gallery.

The number of students who take advantage of our co-curricular offerings continue to grow. Priorities of our athletic program and hallmarks of the Bobcat tradition are spirit, pride and sportsmanship. Cheerleading coaches Loli Marquez-Sterling and Patricia Travers coordinated this year's spirited Homecoming celebrations. Over 160 students participated in our band, chorus and jazz ensemble. The holiday concert had to be moved to the gym to accommodate the size of the audience. Eighty-five students performed in the five showings of Annie.

A standing-room only crowd attended the fall sports awards ceremony. Charles Lenahan, Athletic Director and Head Football Coach received a standing ovation for achieving his 150th career win, giving the most wins of any coach in the state.

Varsity Baseball Coach, Tom Underwood, achieved Coach of the Year honors from the NH Coaches Association and is now in competition for the national title.

A K-12 Literacy Curriculum has been adopted by the School Board. This curriculum focuses on skills desperately needed in the workplace of the 21st century: consensus-building, problem-solving, public speaking, writing and the often-neglected attribute of active listening. Curriculum work is underway in the areas of Technology, Health and Mathematics.

As a community of learners, our focus will remain on creating a sense of belonging in a vibrant, dynamic environment where we work together to provide

opportunities to propel our students into the 21st Century.

In closing, I want to express sincere appreciation for the warm welcome Mr. Parsons and I have received from you as well as the candid response to our inquiries.

We look forward to developing a very positive school/community relationship as we all work together to help make Plymouth Regional High School a truly outstanding high school.

Sincerely,

Mary Lou Cronin  
Principal

**ANNUAL REPORT 1992-1993**  
**HEALTH SERVICES**

Plymouth Regional High School Health Services offers assistance to approximately 600 students and 100 staff members. Because of the many changes in family structure and the economy of the area, the health office has helped more students with special needs than has been experienced in the past. Of the 50 to 60 students I see each day several have received help from local community outreach programs, such as the Lion's Club, the Lindsey Fund, local churches, and the teacher's special fund. We extend a hearty thanks for the kindnesses extended by so many to these needy students.

A growing number of chronic illness and multi-handicapped students has increased the demands on the health office. Some of these special students require direct care. As students with special health care needs are mainstreamed into the educational setting, their medical needs are being addressed with workable health care plans geared for the individual student. The major aim of health service's is to assist students to overcome medical barriers that may be interfering with their ability to learn.

Plymouth Regional High School remains committed to interscholastic sports. There are some 350 students involved in sports programs. A new program has been added to the annual SAU #48 field day held at the high school. Sports physicals are now offered by the school physician, Dr. Hoyer, for 8th graders who plan to participate in sports when they enter high school in the Fall. This is a more efficient system.

There are plans to continue with the spring health fair. The one held last year was very successful with many area doctors, professional health providers, and community citizens sharing their knowledge on the importance and ways of maintaining a healthy body and mind. The Fair was divided into 3 parts. The first offered an opportunity for obtaining some basic health information such as height, weight, etc. Another provided information on various health conditions. The third part provided information on career opportunities. It is my hope that an immunization clinic may be included with this year's Fair.

The staff members were offered special diet and nutrition classes by Barbara Smith, R.D., in which 15 members took part.

It is important to keep communications open so please feel free to call me at the school when you have questions concerning your child's health needs.

Respectively Submitted,  
Jean Murphy, R.N.

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Pemi-Baker Regional School District in the towns of Ashland, Campton, Holderness, Plymouth, Rumney, Thornton, and Wentworth, in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Plymouth Regional High School Gymnasium on Tuesday, the fourth day of March, 1993 at 7:00 o'clock in the evening to act upon the following subjects:

- Article 1: To see what action the District will take relative to the reports of agents, auditors, committees and officers.
- Article 2: To see if the District will vote to raise and appropriate \$154,000.00 (one hundred fifty-four thousand dollars) to complete a portion of the energy saving project being the renovation of lighting at the high school, and to authorize the acceptance by the District of a state energy grant of \$77,000.00 (seventy seven thousand dollars) as offset therefor.
- Article 3: To see if the District will vote to authorize the School Board to negotiate and execute such tuition contracts as the Board may determine advisable for students outside the Pemi-Baker Regional School District.
- Article 4: To see if the District will vote to transfer to the established capital reserve fund for special education expenses the sum of \$60,000 (sixty thousand dollars) to be taken from the unreserved fund balance of Fiscal Year 1993 and further to designate the School Board as agents for the fund having authorization to expend for the fund's stated purpose in Fiscal Year 1994 up to the amount of \$60,000 (sixty thousand dollars).
- Article 5: To see if the District will vote to authorize the School Board under RSA 198:20-b to apply for, accept and expend, without further action of the School District Meeting, money which becomes available from any source during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.
- Article 6: To see if the District will vote to establish a contingency fund in accordance with RSA 198:4-b, such contingency fund to meet the cost of unanticipated expenses that may arise during the year and, further, to see if the District will raise and appropriate the sum of \$12,000 (twelve thousand dollars) for the 1993-1994 contingency fund.

Article 7: To see if the District will vote to raise and appropriate the sum of \$8,000 (eight thousand dollars) to be added to the Capital Reserve Fund previously established for the purpose of future renovations and or repairs needed in the school.

Article 8: To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of School District officials, employees and agents and for the payment of statutory obligations of the District and to authorize against such appropriation the application of revenues as are estimated to be received; the School Board to certify to the Selectmen of the member towns the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the member towns. \*

\* Note: Contained within this amount of money are salary increased negotiated in the first year of a two year contract between the Pemi-Baker Regional School Board and the Plymouth Co-operative Educational Association and the Plymouth Regional Educational Support Staff. The amount of \$57,203 (fifty seven thousand two hundred and three dollars) is for faculty salary increases, and the amount of \$7,730 (seven thousand seven hundred and thirty dollars) is for support staff salary increases in the 1993-94 year. The second year (1994-95) of the contract with faculty will result in an increase of \$67,437 (sixty seven thousand four hundred thirty seven dollars) and for the support staff an increase of \$13,121 (thirteen thousand one hundred twenty one dollars).

Article 9: To transact any further business that may legally come before this meeting.

Given under hour hands this \_\_\_\_\_ day of February in the year of our Lord nineteen hundred and ninety-three.
